## **CONDITIONS OF SALE.**

**Please read Sale Terms Before Bidding.**

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing within 30 days of the date of the sale.

Coins and medals are sold at so much per PIECE, and no lot will be separated. You cannot buy a few pieces out of a lot but must buy all of it. The auctioneer will accept no bid under 10 cents to start a lot where that lot contains only one piece; nor will he accept any advance under 5c on any lot containing but one piece; after the price has reached \$2. no advance under 10c will be accepted on any lot containing one piece; after \$5.00 the bid must advance 25c each time; after \$10 no bid under 50c.

Our rules regarding lots containing more than one piece will remain unchanged and the same as before.

Auction sales are **strictly for cash**. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description there is but one piece in the lot.

**Be sure you bid on the lot you wish to buy.** We cannot correct such errors.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

**Important Notice.** We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. Our records are final.

## **Introduction.**

### **THE ZOLOTZEFF, LOOMIS, WILLIAMSON, IRVINGTON**

#### **AND OTHER CONSIGNMENTS.**

Dear Customers:

We inaugurate our 1931-32 Season of Coin Sales by Diversified Offerings, Ancient and Modern from the Zolotzeff, Loomis, Williamson, Irvington and other Consignments, which include not only fine Coins and Medals, but also Rare Colonial and Confederate Paper Money, Curios, Gems, Stamps, Newspapers, Etc. Etc. It is a splendid one days sale of around 1,000 lots and your personal attendance is requested at the sale.

New bidders are requested to read our sale terms and to submit for us either a gilt edged reference (club or society memberships not wanted as reference), or else 25 % cash with your bids of the total. No charge made unless lots are actually bought. We don't allow collectors to return lots from these sales without first writing us about the lot in question. Cataloguers are troubled occasionally with irresponsible bidders who essay to make their own rules for bidding and ignore printed rules entirely as though they did not exist. Such people are not worthy of our serious consideration. Errors will be corrected but we are the judges of such a dispute. We have held coin sales since 1903 and are very apt to know more about the merits of a complaint than people who have only commenced to collect.

Send us a generous number of bids please. Don't miss this opportunity. You will notice we are not holding as long sales as formerly, and don't intend offering collectors more coins than they can successfully absorb. Those who sent low bids at our sale of July 1st and 2nd got little or nothing, have had either to buy at private sale or to wait for the Fall Sales. Fine coins aren't going for nothing these times, and bids at about 10 cents on the dollar are pretty useless, as most of the dealers are perfectly willing to make higher bids and they secure the best lots where the bids are poor. However, we are glad to see private collectors get fine coins and paper money, but the dealers who attend these sales and see the lots, aren't going to let good things go for nothing, and they will bid on them and take them away from the mail bidders in some cases.

Coins are as good as ever. Don't be afraid of them. Small cents are making worlds records at every sale and we look for brand new ones at this coming sale as we have some gems in the sale in small cents.

The sale is bona-fide and absolute. Please note the features of this Sale, which are given below:

## A PRESENT URGENT NEED FOR A U. S. FRACTIONAL CURRENCY

Dear Collectors:

Those who send small sums through the mails, and those who do a mail order business, must feel the urgent need for a small paper currency of the denominations of 5, 10, 25 and 50c. Why not? In remitting sums under a dollar you have either to send a small check, or else a money order, sometimes going half a mile or more to the post office and spending perhaps an hour of your time in so doing; or else by sending postage stamps, which have to be resold by the recipient at a loss of from 5 to 10 % usually.

If you agree with the writer please drop a letter to the Hon. A. W. Mellon, Secretary of the Treasury, Washington, D. C., advocating a small paper currency, something similar to what we had during the Civil War, omitting the 3 and 15c odd denominations.
